Pre-Bed Meal

Whey & Raisins

NUTRITION INFORMATION

1. Raisins (20g)

100g Raisins = 299 calories,
so, 20g Raisins= 60 calories, 0.6g protein.

2. Whey Protein (1 Scoop)

Typically around 120 calories, 24g protein.

Total for Pre-Bed Meal:-
Calories: 180 kcal
Protein: 24.6g

This pre-bed meal combines whey protein and raisins for a satisfying, nutrient-rich snack.

The whey protein aids in muscle recovery and supports overnight repair, while raisins provide natural sugars and fiber, ensuring a balanced energy source.

Together, they make a delicious and effective way to promote restful sleep and support your fitness goals.

Dinner

Chicken & Rice with Dal

NUTRITION INFORMATION

1. Steamed/Boiled White Rice (150g cooked)

100g cooked rice = 130 calories,
so, 150g = 195 calories, 4g protein.

2. Cooked Restaurant Dal (~40g / 2 Spoons cooked)

Estimated at 80 calories, 4g protein.

3. 4 pcs Chicken Tikka (~100g)

180 calories, 28g protein.

4. Mint Chutney (~20g)

Minimal calories, around 10 calories, 0g protein.

Total for Breakfast:-
Calories: 465 kcal
Protein: 36g

Irrespective of wherever you are, you will get this meal everywhere, so no chances of cheating. By dinner, 90% of us feel like cheating because we're too tired and end up ordering something from outside. This meal, deletes the helplessness from the equation!

Evening Snacks

Black Coffee & Almonds

NUTRITION INFORMATION

1. Almonds (20 pcs)

100g Almonds = 620 calories,
so, 20 almonds (~24g) = 150 calories, 6g protein.

2. Strong Black Coffee

0 calories
(appetite suppression as mentioned)

Total for Snacks:-
Calories: 150 kcal
Protein: 6g

Healthy fats, when combined with Caffeine, suppress the appetite for 3-4 hours straight!!

Also, the mid day blues won't happen because caffeine, is like a motivational speech entering your body and making it move.

Lunch

Salad & Whey with Makhana

NUTRITION INFORMATION

1. Caesar salad with Chicken (~200g grilled chicken)

360 calories, 56g protein.
(estimate with minimal dressing)

2. Raw Makhanas (20g)

100g makhanas = 350 calories,
so, 20g = 70 calories, 4g protein.

3. Whey Protein (1 Scoop)

Typically around 120 calories, 24g protein.

Total for Lunch:-
Calories: 550 kcal
Protein: 84g

Caesar Salad, curbs all cravings as it is a micro nutrient bomb.

Makhanas, great source of fibre and super tasty.

Whey Protein of course, for the Muscle Protein Synthesis.

Breakfast

Bread Omelette with Whey

NUTRITION INFORMATION

1. Omelette (3 Egg Whites)

1 egg white = 17 calories,
so, 3 egg whites = 51 calories, 11g protein.

2. Bread (50g Brown Bread)

100g brown bread = 260 calories,
so, 50g = 130 calories, 6g protein.

3. Whey Protein (1 Scoop)

Typically around 120 calories, 24g protein.

Total for Breakfast:-
Calories: 301 kcal
Protein: 41g

A 3 Egg White Omelette and 1 Scoop of Whey is a great start to the day due to the Leucine in them that would kickstart your Muscle Protein Synthesis asap! And the bread, is the most convenient carb source to make the meal balanced!

EKANSH TANEJA FITNESS
